We have been installing and supplying industrial and commercial flooring for nearly 40 years

Oxden Floors Ltd are one of the UK's leading contract flooring specialists. Our rich near-40 year history brings a high level of professionalism, service and technical ability to every project we are involved with, and we are well respected within the industry.

We can supply and install an extensive range of high quality floor coverings for Industrial and Commercial applications. Our friendly,

competent flooring team can offer advice and assistance to ensure the correct floor covering is used in the environment in which it is to be laid.

Family values are core to our professional team, and this is reflected in the service we provide. We always go the extra mile to ensure your flooring project is delivered and installed on time. Every time.

How can we help you

Quality Floor Coverings

Oxden Floors are proud to supply an extensive range of the leading flooring brands and manufacturers in the UK and the World. Floor screeds, damp proof membranes, sports flooring, carpet tiles, vinyl, linoleum, safety flooring, rubber, laminate, wood, the choice goes on... This ensures you have an unparalleled choice when specifying flooring for your commercial or industrial project.

Expert Design Service

Our flooring experts are able to offer impartial advice on material specification and flooring design. We can help design your flooring taking into account aesthetics, hygiene factors, suitability and other factors to ensure your flooring project is a success and fit for the purpose intended.

Bespoke Services

We are able to offer clients truly unique and bespoke designs for their flooring project. Our experienced team incorporate company branding, logos, strap-lines and more into floor coverings to give a completely personalised touch.

Contact us for further details on how we can create unique designs for your flooring.

Avenue Tennis

Flooring material: Stone tiles
Project type: Refurbishment from football centre to a tennis centre, gym and spa
Client: Avenue Tennis Club, Gillingham
Main Contractor: W/W Martin & Co Ltd
Quantity Surveyor: Doug Mumford

Stunning LVT marble tiles were the flooring choice for Avenue Tennis Club, Gillingham. Oxden Floors recommended the stone tiles due to the beautiful aesthetics and high levels of durability for the premium sports facility.

The subtle veining of the Calacatta LVT tiles flows elegantly through the tiles, which adds style and sophistication to the reception and restaurant areas. LVT is also extremely durable and scratch resistant, meaning they are perfect for areas of high volumes of visitors.

Care Home, Ramsgate

Flooring material: Carpet and vinyl flooring
Project type: New build care home
Client: Care Home, Ramsgate
Main Contractor: Galliford Try Ltd
Quantity Surveyor: Graeme Willis

Oxden Floors were delighted to offer a range of flooring solutions to a care home in Ramsgate. Covering rooms such as communal living rooms, dining areas, corridors and check-up rooms, we had to provide a range of flooring options to cope with each application.

We installed impervious backed broadloom carpets in the communal living rooms and corridors which are hard wearing yet give a homely feel. The vinyl floor covering in the dining areas and check-up rooms offers a durable, non-slip and hygienic flooring surface for residents, staff and visitors.

Tonbridge School

Flooring material: Sports hall flooring
Project type: Education
Client: Tonbridge School, Tonbridge

Oxden Floors supplied and installed Gerflor Sports Hall Flooring for Tonbridge School.

The flooring has excellent practical benefits such as its durability, resilience, good acoustic and reflex properties, as well as pleasing aesthetics. These factors combine to help inspire the children in an enlightened environment.

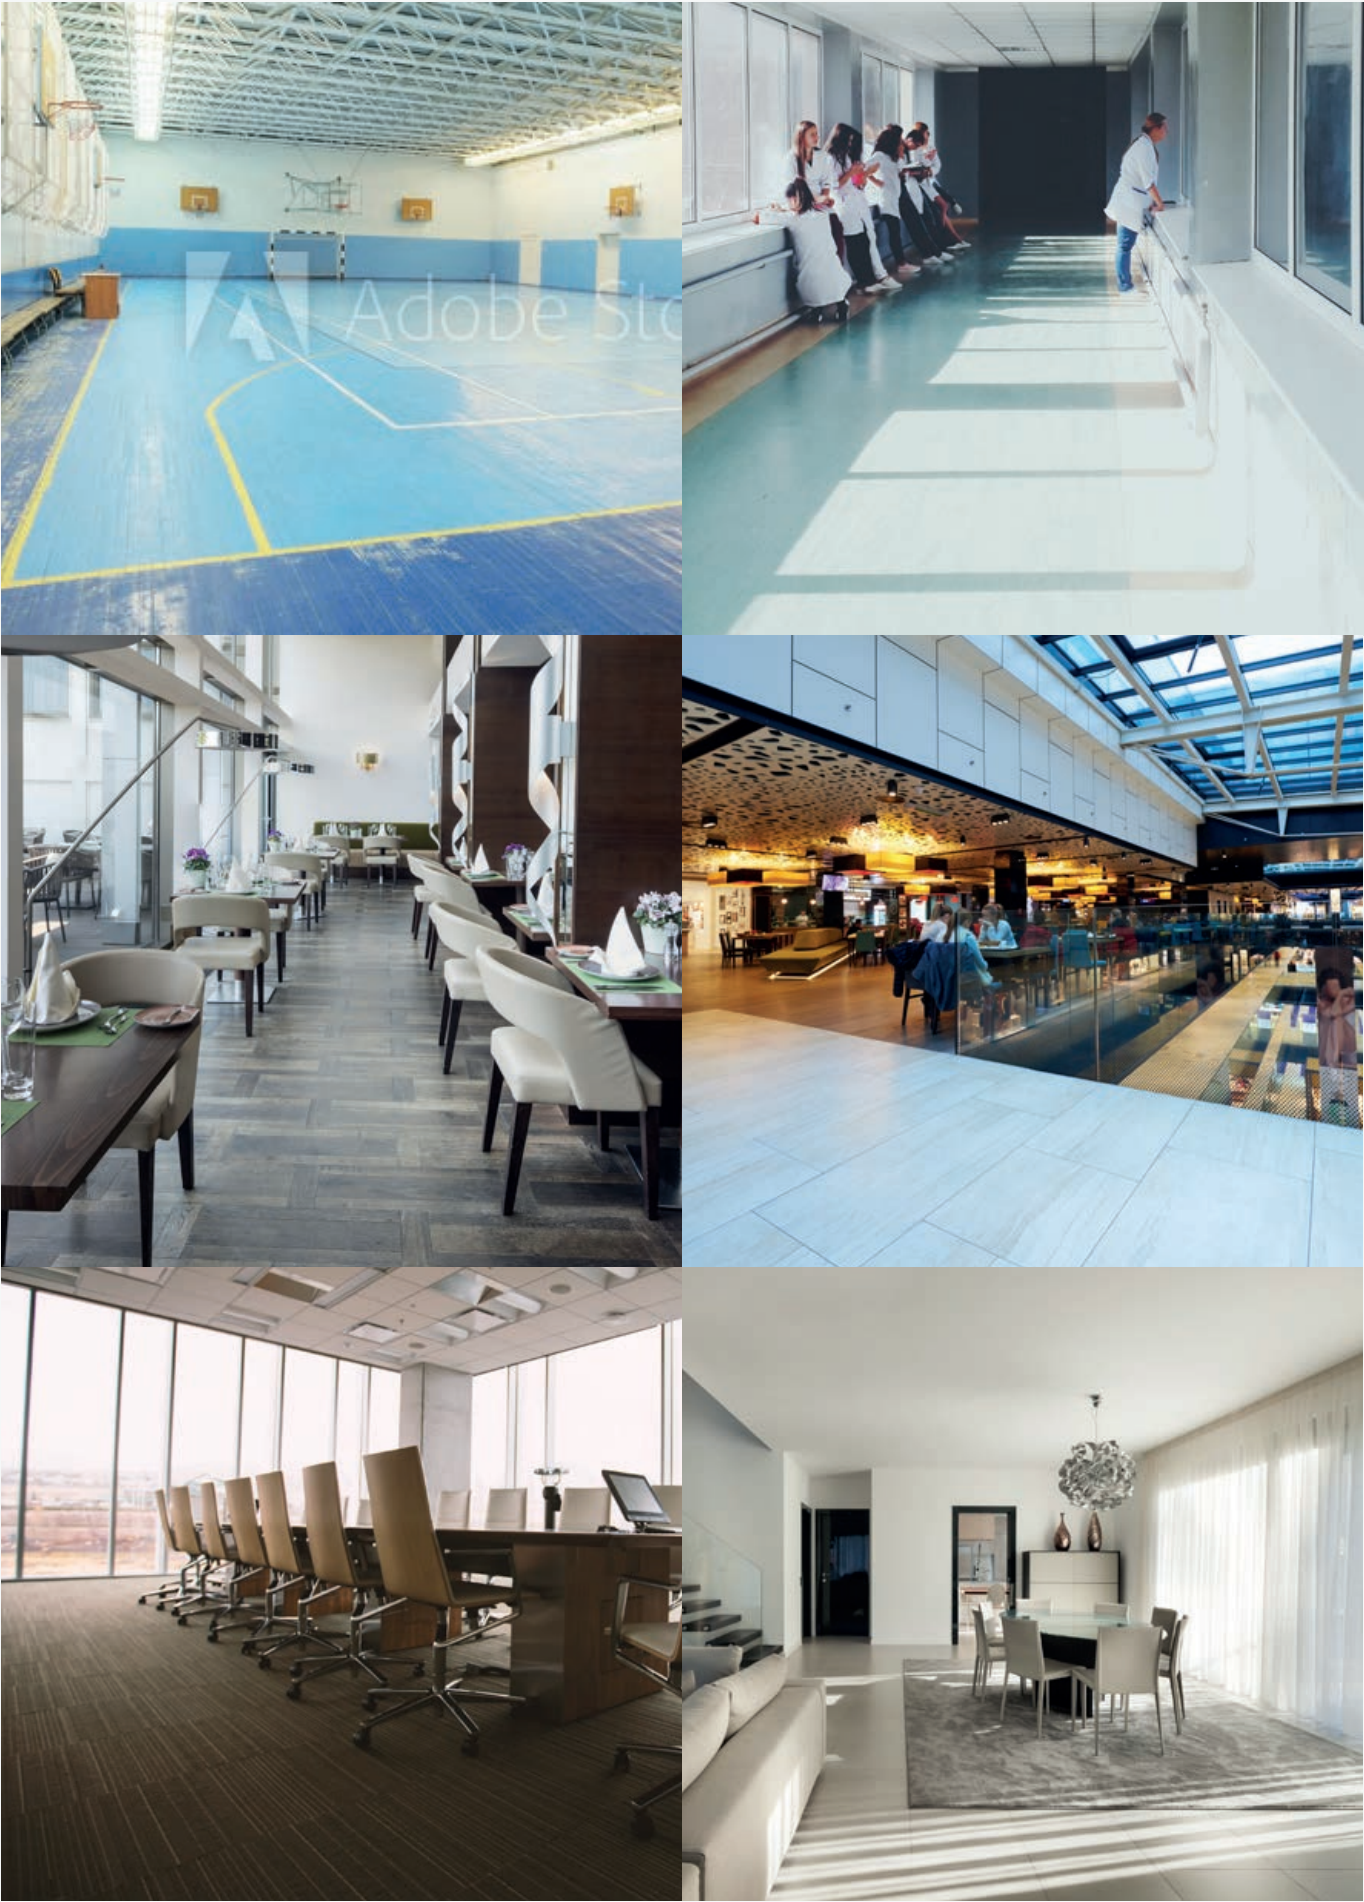

Buckland Hospital

Flooring material: Vinyl
Project type: Refurbishment of hospital
Client: Buckland Hospital, Dover
Main Contractor: Interserve Construction Ltd

We were pleased to supply and install vinyl flooring at Buckland Hospital, Dover. Covering large expanses and areas of the building such as reception areas, corridors and waiting rooms, the vinyl flooring was the ideal choice for the healthcare establishment.

Importantly, vinyl flooring is hygienic, resilient, durable, non-slip and attractive, which makes it a perfect flooring material for hospitals, where patient, visitor and staff safety is paramount.

Applications

We provide the highest quality floor coverings to commercial and industrial projects of all sizes and specifications, including education, healthcare, hospitality, retail, commercial and residential.

From initial advice on choosing the right flooring material, subfloor preparation, acoustic requirements right through to installing the flooring in a timely and

professional manner, Oxden can assist through every step of the specification process.

Our reliable team offers a high level of contract flooring expertise, and work closely with architects, specifiers, building developers, end-users and other industry professionals.

Testimonials

We write to express our thanks for the assistance you have given to ensure that the National Grid Board meeting at the Operations building here at the Isle of Grain Facility was a success.

Without the assistance of y our Organisation, Foremen and Operatives it would not have been possible to have the the building to the partially completed stage for the meeting to take place.

The initial feedback we have had from the client is very positive and they are excited at the prospect of seeing the completed building we should all feel very proud of what has been achieved here over the last few weeks please ensure that our thanks is extended to all those who have participated in making this possible.

Richard Hamlin, Kier Group

I am with our school extension built by Denne Construction. From the very start to the finish everyone from your company worked hard to meet the needs of our school. Staff were polite and considerate, communication was very good and relationships were always positive.

The finish of the building is outstanding and of an exemplary quality. As I said at the beginning of this letter we are thrilled with our school extension. I would have no hesitation in recommending your company for other school builds and if any other authorities would like to visit to see the high quality of the finish, then please feel welcome to phone and arrange a visit.

Thank you from a thrilled head teacher!

Alison Farrall, The Discovery School

Thank you for the assistance you provided recently on the project at Oak Tree School.

We are grateful to you for securing labour at short notice and for working the weekend to ensure our deadlines were met.

Your efforts are appreciated and we look forward to working with you again in the future.

Matthew Parsier, Crispin & Borst

We have been working Oxden Floors for many years. We have always found them to be a very reliable and conscientious sub-contractor. Their quality of work is first class, as is their management.

They have always been very co-operative with programming whether it is a large or small project and we value them highly as part of our team. We look forward to continuing our relationship with them and have no hesitation in recommending them to others.
